

**Give your Apple or
Android phone /
tablet a quick
energy boost**

**PB009 – 5000mAh iPhone or Type C
Portable Battery**

- 2-In-1 Portable charger comes with iPhone charging connector and built-in Type-C cable so you can charge your phone directly, such as iPhone, iPad, Samsung, etc.
- Plug and play
- 5000mAh enough to provide over an entire replacement charge for most iPhones and Samsung, or almost 2 charges for iPhone 8. Suitable as a backup power supply for daily use
- Safe and Fast. Equipped with an intelligent chip that protects your devices against over-discharge, over-charge, short-circuit or overheating
- Features a smart charging IC which dispenses a fast charge (5V/ 2.4A Max) for iPhones. You can boost your iPhone X by 40% in about 30 minutes and by 75% in 60 minutes
- Practical design with a quick-stand to serve as phone
- Contains a high-density lithium battery making it very compact and easy to carry

- 5000 mAh
- Output/input 5V/2A
- ABS plastic
